ARR ©	"All-rights-reserved copyright." This is the traditional form of copyright outside of open licensing approaches. It may be indicated on a work with the copyright symbol © together with the phrase "all rights reserved," but not always: some works have the symbol © and then go on to add a Creative Commons license statement (since CC licenses <i>are built on top of copyright!</i>), and some works have no copyright statement at all but fall into the domain of all-rights-reserved copyright as a default.
